

⊕ BENCHMARK FOAM INC.

Quick response is our guarantee.

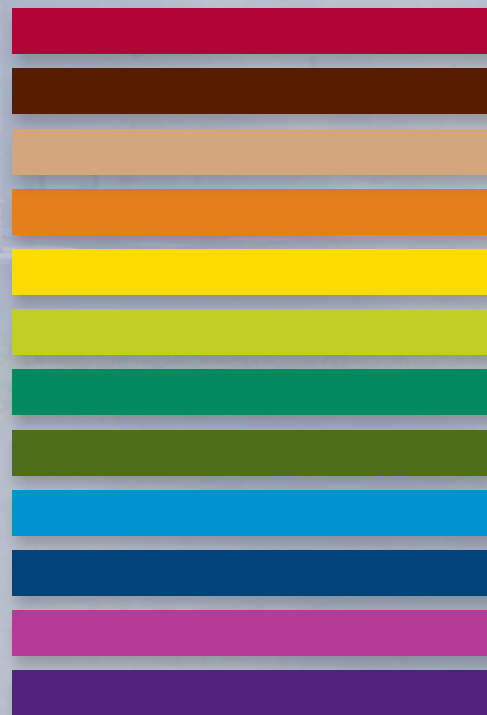

Benchmark Foam

is the most responsive foam manufacturer in the industry.

Our quality products and unbeatable service are backed by the Benchmark Foam

On-Time Guarantee.

In 1988 we named our company **Benchmark Foam** because we believed our teamwork, quality and service would be the standard by which other companies in our industry should be measured. We are serious about our customers, our products and our promises, and we diligently strive to surpass our own standards every day.

As a Benchmark Foam customer, you will benefit from exceptional products and guaranteed on-time delivery by people who have an interest in the success and profitability of your business. We will prove our commitment to you with every order.

CORE VALUES:

We strive to create opportunities for our employees, deliver industry-leading products and enhance the profits of our customers.

We have four core values that are reflected in every decision we make and product we ship.

- **Service**
- **Quality**
- **Community**
- **Environment**

SERVICE:

Our customer service is more than personal and progressive; it is the most responsive in the industry. We back our quick response with our On-Time Guarantee.

- Guaranteeing on-time shipment ensures worry-free customer confidence.
- Helping customers succeed by doing whatever it takes to make sure every need is met.
- Investing time and money in innovations that save time and money for our customers.

QUALITY:

We adhere to the strictest industry standards for each phase of our organization: raw materials, manufacturing processes and finished products. If industry standards are not good enough, we create our own.

- Improving on industry standards enables us to exceed typical expectations.
- Consistently assessing and improving standards, processes and products maintains quality and cutting-edge practices.
- Successfully passing all unannounced third-party inspections proves our expertise.
- Implementing lean manufacturing principles sustains efficient and effective work habits.
- Empowering our team to grow professionally by setting the highest standards and giving them the tools, time and encouragement to achieve them.

bench'mark: n., standard of excellence by which others are measured

COMMUNITY:

At Benchmark Foam, we believe community is essential to a successful and profitable business. We built our business on the foundation of family, teamwork and corporate citizenship.

- Contributing to the whole community by reaching beyond industry and business interests.
- Reaching out to service groups and charity organizations through volunteer work and donations.
- Recognized by United States Senate after receiving the 2007 *South Dakota Habitat for Humanity Supporter of the Year Award*.

ENVIRONMENT:

The expanded polystyrene (EPS) we produce offers advantages in energy efficiency, mold resistance and indoor environmental quality.

- Recycling EPS for customers and community members reduces waste.
- Manufacturing eps360™ by converting post-consumer waste into a 100% recycled product suitable for many traditional construction applications.
- Producing products that conserve energy through long-term, stable R-value.
- Lowering greenhouse gas emissions by not using formaldehyde, (CFCs), (HFCs), (HCFCs) in our processes.
- Offering green building materials that contribute to LEED credit requirements.
- Recognized in 2005 by the South Dakota Department of Environment and Natural Resources for our environmentally conscious operations.

Benchmark Foam began as an EPS manufacturer called Energy Industries in 1977. In 1988, a group of quality-focused and customer-driven employees purchased the company and began diversifying its product base.

At Benchmark Foam, we take pride in our commitment to customers, community, employees and the environment.

ON-TIME GUARANTEE

*We know your business depends on our product arriving on time. Our service response is so dependable we back it with our On-Time Guarantee. Your product will be shipped and arrive on the agreed-to arrival date or we will **discount your invoice 10 percent**. We work to accommodate customer needs, giving you confidence when you place an order, even if it needs to be rushed. And we do not have truckload quotas, so no matter how large or small, your order will ship on time.*
